

Boat Reservations

Our operating hours are from 5:30-10:30 AM

You may reserve your favorite boat 3 times/ week up to 2 weeks in advance. The reservation time slots are 6-7:30, 7:30-9 for singles.

6:30-8, and 8-9:30 for the quad and doubles. Only people who have rowed a quad before or have attended a training session with a coach may row the quad. It takes coordination to carry and launch the boat.

The staggered time slots may ease congestion at the dock.

If you are not there within 15 minutes of your reservation your boat may be taken by someone else. You may take a boat out, that you are qualified to row, without reservations but you take your chances on availability.

Some fall evenings can be nice, but you have to pass a Captains Test and Flip test to row during times other than operating hours. You are advised to let someone know you are going out and when you expect to be back and let them know you are back because we won't be monitoring the log book.

Please let us know if your have reserved and cannot make it.

Usually Joanne 970- 485-3649 will be onsite or will know who to call to tell them.
